

Dear colleagues,

There are several more or less green or convenient ways to arrive in Maribor and we also expect different profiles of guests coming to Maribor. Thus, we wish to inform you on all variations to travel to Maribor:

Airplane

If you chose to travel by airplane, please keep in mind that the closest airport is in Graz, some 45 driving minutes by car to Maribor. Enter your arrival time in the registration form and we will organise shuttle transport (**contact: Mladen Kraljić, mladen.kraljic@um.si**).

Regarding the low level of advantages of this kind of travel, you might consider to travel by

Car

Maribor is at the crossroads of the 5th and 10th European highway corridor. Thus, it is easy to use either highway E59 coming from North, A5 or E59 coming from East or E57 coming from South. Both recommended hotels offer parking for a reasonable price.

Bus

Another way to travel to Maribor on the road is by bus. The most convenient line at this time is to use Flixbus (e.g. www.flixbus.si). There are national links in your country, as well.

Train

As you might have already experienced, for the Danube region, unfortunately, the least developed way to travel is by train, due to quite weak railway infrastructure and connections. However, if you wish to travel by train, we recommend to have a look at some internet support, as there is e.g. <https://www.visitmaribor.si/en/information/how-to-get-to-maribor/by-train/> or www.thetrainline.com or www.omio.com.

After arriving to Maribor, you certainly wish to be accommodated properly. Therefore, University of Maribor contacted several hotels in the proximity (walking distance 5 min max.) of the location of the conference in Maribor on Slomškov trg 15, to provide for an optimal convenience for you and special prices for the participants to this year's DRC Conference. Thus, we recommend accommodation at following three hotels in Maribor:
