Dear subscribers of the DRC Newsletter,

As we leave the holiday season behind, we hope that the joy of Christmas will remain with us throughout the year. Moreover, we sincerely wish that this year is the last one we welcome in these exceptional circumstances. However, there are many things to look forward to, as we continue our work to keep the spirit of regional cooperation alive.

In this sense, we are excited to announce the **launch of one of the two fantastic projects we can share with you: the Call for Applications for the Strategic Foresight is now open!**

Furthermore, there are some interesting opportunities for students. The first one is the call for applications for this year's OeAD Summer Universities in Vienna, taking place from July to August, which is now open. The second one is the Call for papers for the Conference in Chisinau for Ph.D. students, interested in sustainable agriculture in the context of climate change and digitalization.

Finally, the final conference of the Erasmus+ App, which explores the possibilities for international mobility, taking place in March is an event we recommend for international relations officers at higher education institutions, actively working with the Erasmus+ individual mobility programme.

And remember, feedback and comments are always [welcome!](#)

1. DRC Strategic Foresight: The Future of Research and Education in a Globalized World: a View for and from the Danube Region

We are thrilled to announce that the **Call for Applications** for the **DRC Strategic Foresight Project** is **now open!**

The Danube Rectors' Conference is looking for **20 talented participants** to provide strategic foresight concerning the **future of higher education in Central, Eastern and Southeastern Europe** by developing **multiple future scenarios** within **four thematic areas**, namely:

1. University Autonomy and Governance

2. Science and Learning in the Digital Era
3. Scientific Research for European Decision-making
4. Employability of Students and early-stage Researchers

Through this initiative, the DRC intends to involve **students, early-stage researchers and young scientists** in the debate revolving around the future of higher education and academia. The project will be implemented in a **hybrid format**, which includes both virtual and in-presence meetings in Vienna, Uzhorod and Maribor.

The project is financed by the DRC and coordinated and implemented by the **Institute for the Danube Region and Central Europe (IDM)**. **Participation in the project is entirely free of charge**, as travel and accommodation expenses are covered by the DRC. For more detailed information on the Project please consult the [Call](#) available on the DRC Website!

We are looking forward to all the applications coming from your Universities!

2. DRC Initiative Fund

We would also like to remind you about another upcoming project funded by the **Danube Rectors' Conference** and coordinated by the **University of Maribor**: the **DRC Initiative Fund!**

The Danube Rectors' Conference is glad to offer **students of doctoral study programmes at DRC member universities** the possibility to obtain **financial means for developing applicants' projects, solutions, prototypes**.

We are prepared to support outstanding students and young scholars' projects which can have a positive impact in the region, in line with the EU Strategy for the Danube Region (EUSDR), by financing the following activities:

- Material costs
- Cost of use of research equipment at other DRC member institutions
- Service costs
- Travel costs and costs of stay for the students and their family members

The Call for Applications will be soon published on the [DRC website](#)

[STAY TUNED!](#)

3. OeAD Summer Universities Call for Applications

The **OeAD Student Housing Call for Applications for Summer University 2022 is now open!**
